Welcome!

The Annual Las Vegas Seminars will be held this year at the exciting Caesars Palace Hotel and Casino in Las Vegas.

The usual attendance at our conference, now in its **45th year**, is between 450-500 practitioners representing Pediatricians, Family Practitioners and Allied Health Professionals from all parts of the United States and some foreign countries. Come join us at this in-person event. Interact with friends, colleagues, and faculty with continuing medical education and up to **16 CME and MOC Part 2**.

General Information

The overall learning need identified by our physicians' education committee was for practical, evidence-based, **up-to-date** medicine that can be applied in the clinical setting. Needs in a wide variety of subject areas were identified. **This program will address the areas of: Adolescent Medicine, Addiction Medicine, Dermatology, Endocrinology, Infectious Diseases and Sports Medicine.**

This is an opportunity to once again reconnect, learn together, share ideas, visit with old friends, make new friends, and return home refreshed with new knowledge and relaxed from three to four beautiful days in exciting Las Vegas.

Target Audience

This seminar is directed toward urban and rural, general and sub-specialty pediatricians, as well as non-pediatric physicians, nurses, nurse practitioners and other allied health professionals.

Other Information

Breakfast and coffee service will be served each morning in the Exhibit Ballroom, for **registered attendees only**. Coffee service is maintained through the midway break each day.

There are luncheon seminars on Friday and Saturday. The six Friday seminars are repeated on Saturday to allow the registrants to attend as many as two different seminars. There is an extra charge of \$90 for each luncheon seminar. Seating is limited. Once maximum seating has been reached, registration for that luncheon seminar will close. **Lunch Seminars are sold in advance, pre-conference only. Lunch Seminars will not be available for purchase onsite.**
